Shortly, you will receive a respiratory health survey relating to the Southeast Kansas Health Study, which is being conducted by KU Medical Center for the U.S. Environmental Protection Agency. We hope that you will fill out the appropriate questionnaires, sign the consent forms, and return them to us as quickly as possible in the stamped, pre-addressed envelope included in your package. Your response is very important to the success of this study. If you have any questions, please call us at our toll-free number, 877-511-2167, or write to us in care of the Center for Environmental and Occupational Health, 1034 Breidenthal Building, KU Medical Center, 3901 Rainbow Boulevard, Kansas City, Kansas 66160-7417. Our E-mail address is mwalker3@kumc.edu. Thank you for your help. H. William Barkman, M.D., M.S.P.H., Principal Investigator, Southeast Kansas Health Study.
