

Genograms: Plotting Your Family History

Brownbag Lunch Series

Noon to 1:00 p.m.

at the

Landon Center on Aging, Room 200

June 13, 2007

Presenter: Karen Elliott, PhD, Johnson County Extension Agent

Record your family history. A genogram is a graphic depiction of how different family members are biologically and legally related to one another from one generation to the next. The map is completed for a minimum of three (3) generations including employment, health factors, and other information the maker wishes to include. Bring family information and begin your family map.
