The Landon Center on Aging opened its doors at this location in May, 2001. However, the Center was formed in 1986 by act of the Kansas Legislature. Come and learn more about the growth and evolution of the Center over the past 21 years. You'll hear from leadership about the interdisciplinary mission of the Center and their specific goals for research, education, clinical and community outreach programs. Widely viewed as a metropolitan, state and regional resource, learn how the Center touches the lives of older adults and those who care for them--both directly and indirectly--and will impact generations to come.
