

Attachment C
POSITION DESCRIPTION
KUMC Department of Family Medicine Residency Program

POSITION:

PGY 3 - Department of Family Medicine

REQUIRED QUALIFICATIONS:

Incumbent in the position must be a medical school graduate, been accepted in the Family Medicine Residency Program or a subspecialty through the National Residency Matching Program and have satisfactorily completed 24 months of required experience in an ACGME accredited family medicine residency training program or have 12 month credit from prior residency experience granted by the American Board of Family Physicians.

RESPONSIBILITIES:

Family medicine residents at the PGY 3 level provide a breadth of patient care encompassing all age groups & health states. Therefore, family medicine residents will be responsible to practice in all hospital settings, under direct supervision of an attending faculty, either from the Department of Family Medicine or other medical specialty. The degree of independent decision making will increase commensurate with the level of training and individual competence of the resident.

The PGY 3 resident's functioning will include but not be limited to:

- COMMUNITY MEDICINE
- FAMILY MEDICINE INPATIENT SUPERVISOR
- GENERAL SURGERY
- GERIATRIC MEDICINE AND RHEUMATOLOGY
- FAMILY MEDICINE NIGHT FLOAT
- ORTHOPEDIC SURGERY Surgical suite, surgical wards, and SICU
- PROCEDURES
- SPORTS AND OCCUPATIONAL MEDICINE
- ELECTIVES

The resident will be expected to be active in a variety of procedures in each of these areas as well.

SALARY

The salary is set each year by the State of Kansas
