

MEDICAL EVACUATION AND REPATRIATION INSURANCES

There is information at two web sites on Medical Evacuation and Repatriation Insurances for KUMC faculty and staff who are traveling abroad. Please contact me at ext. 8-1480 or jreagan@kumc.edu or visit either web site.

Medical evacuation insurance is used in the event you need emergency transportation from the place where you are injured or become ill to the nearest hospital where appropriate medical treatment can be obtained -or- if your medical condition warrants transportation to your home country to obtain further medical treatment or to recover.

Repatriation insurance is used in the event it becomes necessary to transport your mortal remains home.
