C. Research Support

Ongoing Research

Breedlove (PI)

July 2006-Pres

University of Kansas School of Nursing
Office Grants and Research

A pilot study funded by OGR titled, "Comparison of Pre and Postnatal Maternal Stress, Depression, Pregnancy Outcomes, and Cost of Care in Private and Publicly Insured Populations of Pregnant Women." This study is mid-way through recruitment of 80 pregnant women, enrolled prior to 20 weeks and surveyed four times through 2 months post partum.

Completed Research

1RO1 NR07779-01A2
NINR

Wambach (PI)

04/01/2003-06/31/2007

Promoting and Supporting Breastfeeding in Adolescents

A randomized clinical trial titled, "Promoting and Supporting Breastfeeding in Adolescents." This study will test an intervention composed of lactation consultant and peer counselor education and support to impact breastfeeding decision-making, initiation and duration. This study is now in its third year of funding and well into the intervention phase. Serve as peer-counselor trainer.

Role: Co-Investigator

Breedlove (PI)

09/01/2003-09/31/2005

HRSA, DHHS grant HETC 93.189

Kansas HETC: Primary objective to improve the education and training of multidisciplinary health care professionals (family medicine residents, nurse practitioners, and dieticians) for underserved and vulnerable populations in Kansas based on selected health outcomes indicators.
